

Jonyae Curry
Director of Youth Ministry
UMYF@wumcmd.org

My professional education began at Stevenson University in Owings Mills, where I studied Business Administration and Religious Studies before graduating in 2019. I am continuing my education at Liberty University's John W. Rawlings School of Divinity, pursuing my Masters of Divinity in Global Studies. I have worked in youth summer camps, athletics, human resources, and business operations. I currently serve as a Chaplain Candidate in the US Army Reserves where I am enhancing my passion for serving others – emotionally, physically, and spiritually.

My goal as the Youth Director here at WUMC is to encourage and empower our young adults to not only know God but to act as disciples in their everyday lives. I believe this next generation has the ability to make a difference and I have faith that with the correct tools and guidance they will do so! Growing up and living in Carroll County, I place high value on making a difference locally and giving back to our community.
